

A romantic scene of a bride and groom embracing in a vast field of tall grasses at sunset. The bride is wearing a white lace gown and a floral crown, while the groom is in a white shirt and a dark vest. The background shows a soft, golden glow from the setting sun over a line of trees.

— ABOUT YELDERSLEY —

Yeldersley Hall is a traditional English Country House set deep within the rolling Derbyshire countryside on the edge of the breathtaking Peak District National Park.

Today the Hall, which is privately owned, is available for unique and exclusive weddings, special celebrations and private functions, as well as self-catering breaks. The property and gardens provide an impressive backdrop for those looking for something that little bit special.

Originally built in around 1800, this magnificent Georgian property stands in 12 acres of gardens and paddocks.

The Hall itself is steeped in history and has been sympathetically maintained and restored with many original features preserved throughout the property. There have been several owners over the years, many with particularly notable connections including St. Pancras Train Station, The Royal Family, and even James Bond!

UNIQUE & BESPOKE

We have a friendly and flexible approach which allows you the freedom to create the atmosphere and style of wedding you want. In summary, you hire the facilities you require at Yeldersley Hall and then organise your own wedding.

Our in-house options for catering, through Chris the Chef, are varied and great value for money, ranging from classic wedding breakfasts to vintage tea parties and more. And, you have the ultimate flexibility over evening food, entertainment and decorations.

All you need to do is contact us with your requirements and ideas and we will help you shape up the best day of your life.

OUR FACILITIES

Our wedding facilities include an elegant and versatile function room, formerly the billiard room to the hall.

This room is licensed for civil wedding ceremonies and can accommodate up to 80 guests. It has a magnificent oak fireplace providing a wonderful focal point and a stunning backdrop for photographs.

During the summer months we enlarge the function room with our beautiful marquee extension, which is the perfect setting for your wedding breakfast.

In addition, our wedding guests have use of a beautiful and relaxing lounge together with a stunning bar area.

Into the evening, all the rooms become a stylish party space with music and dancing in the function room.

— OUR SPECIAL TOUCHES —

— THE STABLES —

The original horse stables which link the courtyard to the walled garden have been renovated to provide a rustic, multi-use reception space.

It's the ideal place to pick up a post-ceremony drink before wandering into the beautiful gardens beyond, or a cosy location to grab a seat and socialise.

— THE GROUNDS —

Twelve acres of gardens and grounds provide an amazing variety of spaces and romantic spots to use on your wedding day.

Drinks receptions are ideal in the beautiful walled garden; confetti shots are awesome in the courtyard; and garden games can take place on the lawns. Photo opportunities are endless no matter what the season and there are unique backdrops and features everywhere.

— THE GREENHOUSE & ORANGERY —

Our greenhouse and orangery have that timeless beauty that wedding photographers love. Charming and elegant, they provide a great backdrop for romantic, indoor shots.
